

TEXT/MATERIALS REQUIRED FOR INDEPENDENT STUDY MATH 2554 CALCULUS I

1. TEXT

The text for this course is **Calculus Early Transcendental Functions, 4/e, ©2007 (Larson, Hostetler, & Edwards)**. You may purchase either a hardcopy of the text (approximately \$165.96) or an electronic copy (eBook-- \$89.56).

[Click here](#) to purchase either format of the text from the publisher.

2. DIGITAL NOTEPAD

You are required to complete your assignments for this course using the **ACECAD Digimemo 692 Digital Notepad**. The digital notepad will allow you to complete your homework calculations using a special ink pen and pad that digitizes and saves your homework to a file that you will then submit as your assignment. Click here for specific instructions on installing and using the digital notepad.

You may purchase the **ACECAD Digimemo 692 Digital Notepad** at [Amazon.com](#), at [PCTek Online](#), at [TopMicroUSA](#), or at several other online or "live" electronics stores.

INSTALLATION & USE OF THE ACECAD DIGIMEMO DIGITAL NOTEPAD

Before reading these directions open and/or print the [Notepad User Guide](#). You will need to refer to it while reading the following directions

1. Take everything out of the package and identify the contents by looking at the **User Guide, pages 1-2** Getting Started.
2. Install the batteries in the pad and the pen as indicated in the **User Guide, pages 2-3** *Installing the Batteries in the Digital Pad and Pen*.
3. Attach the paper notepad that comes with the device to the clipboard as indicated in the **User Guide, page 4** *Putting a Notepad or Paper on the Digital Pad* (you may also use any 6.0" x 9.0" paper notepad, as long as it is not more than 120 pages thick).

SOFTWARE & DRIVER INSTALLATION

In order to upload your work from the digital notepad to your computer so that you may submit your assignments, **you must first install the software and drivers**. Use the install disk that comes with your notepad or go to the [ACECAD web site](#) to download the software and drivers. See the **User Guide, pg. 9-11** *Installing the Digimemo Manager Software*.

COMPLETING & SUBMITTING ASSIGNMENTS

- Find your Calculus I assignment(s) under the "Assignments" course menu link in your Blackboard course
- Complete your assignment(s) using your digital notepad-- **User Guide, pg. 6-8** *Writing And Recording Your Handwritten Notes*
- Upload and save your file(s) to your computer- **User Guide, pg. 12-15** *Connecting The Digital Pad To Your Computer*
- Submit your saved file(s) for grading by clicking the "View/Complete Assignment" link in your Blackboard course

Battery Specs

The battery of the digital inking pen can last approximately 14 months.
With continuous use of the digital pad, four AAA alkaline batteries can last approximately 100 hours.
30 minutes automatic shutdown.
